B2B and Buyer – Seller Meet

The **MCCIA** has a rich legacy of **90 years**. We have about **3000 members** from **17 industry** sectors representing a spectrum of large, small, and medium enterprises throughout Maharashtra State. We have been actively promoting Pune and other parts of Maharashtra as a compelling investment destination and a vital centre for goods and services exports. Additionally, we have been actively assisting exporters in expanding their global presence.

Over the years, MCCIA has been privileged to receive valuable guidance and support from senior officials at the **Ministry of External Affairs - Government of India**, facilitating business delegations from abroad to visit Pune, Maharashtra and get in touch with us, to enhance business ties.

In pursuit of these objectives, we are organising our inaugural **B2B meeting** on **August 26th and 27th 2024**, at MCCIA Head Office in Pune. Following that, our next **"Buyer-Seller meet"** is scheduled for **February 24th and 25th, 2025** during "Pune International Business Summit – 2025" at JW Marriott, Pune .

We are pleased to announce that we will cover the expenses for accommodation, meals, and local transportation for Potential Buyers.

The primary objectives of these initiatives are to identify avenues for enhancing exports from India and attracting technology and investments into the country, with a specific emphasis on empowering Micro, Small, and Medium Enterprises (MSMEs).

In this endeavour, we seek your guidance and support to:

1. Advise your office to extend invitations to more delegations, comprising **potential buyers**, from the country, you are based in, to visit Pune for the **B2B meeting** on **August 26th and 27th 2024**, and **"Buyer-Seller meet"** on **February 24th and 25th, 2025**.

2. Please inform all delegations planning to visit India at any time that MCCIA is willing to host them in Pune and would like to organize B2B meetings with Pune/Maharashtra-based industries.

3. May we request you to please connect us with the Regional Chambers of Commerce, Industry Associations, or Sector-specific organisations, so that we can explore potential collaboration opportunities for our Pune based industries.

4. Identify sources of business enquiries through trade promotion organisations which can improve the global business prospects.

5. Suggest/ co-create, the opportunities for trade promotion activities.
