Director, Chamber for Import, Export & Health Ex-Special Executive Magistrate / SEO, Government of Maharashtra Mobile No. +91 9769555657 / +91 9324425310 / +91 8452929818 (WhatsApp) Email : agrofnbpro@gmail.com / trinity.cmd@gmail.com, Website : www.agrofnbpro.in</p>	BEC, Nesco Complex, Goregaon E, Mumbai	<p>November 25th to 27th 2021</p> <p>Imports of agri-food products have increased rapidly with imported items commonly found in retail chain stores include: alcoholic beverages, breakfast cereals, confectionary, fresh and processed fruit and vegetables and pasta among others. India is projected to become the world's largest consumer economy by 2025. The Government of India has made F & B Processing a Priority Sector and taken many steps to improve ease of doing business, reduce cost and time taken in importing food products, and improve India's ranking in logistics performance indicators. Today, the Indian government uses information technology (IT) integration across the agencies involved in the import clearance process. It has introduced GST, simplified the legal & tax system, implemented electronic sealing of containers, upgraded port/air freight infrastructure, permitted electronic submission of documents with digital signatures, made Food Safety and Standards Authority of India (FSSAI) proactive, liberalized the functioning of Agricultural Produce Development Authority (APEDA) and Commodity Boards, etc. All of which reforms helped India jump to 63rd place out of 190 countries (from 77 the previous year) in The World Bank's Doing Business 2020 report.</p>
